

Forrest Tuff
One Vision Productions
4325 1st Avenue #1551
Tucker, GA 30084

Mr. Tuff

I am writing to let you know how much I appreciate the outstanding customer service that One Vision Productions provided during the Centers for Disease Control and Prevention (CDC), Behavioral Risk Factor Surveillance System Conference held in Atlanta, GA. CDC, our client, touted that One Vision provided high-quality photographs of their desired shots as well as many other "fantastic candid" photos. CDC also commented that they appreciated that presentations were inconspicuously photographed and professionalism was always exuded.

As with all GEARS' events your company has provided photography and/or videography services for we are very pleased with your work. We look forward to working with One Vision Productions in the near future.

Warm Regards,

Twanda Broughton
Project Manager, Division of Logistics Management
GEARS, Inc.
