

VOLUNTEERSPOTLIGHT

SCORE North Metro Atlanta mentor and workshop lead, Forrest Tuff, saw a need for his small business community. He proposed a series of workshops on the film industry in Georgia and was awarded a grant for an innovative approach to address an area of need.

The workshops are designed to identify resources and opportunities for small business owners to find work within the film industry. The first workshop in the series, [The Georgia Film Industry: What Every Business Should Know](#), had 40 registrants. The chapter is now preparing for the second part of the series, to be held in October [How to Tap into Georgia's Multi-Billion Dollar Film Industry](#).

The chapter and Tuff host numerous other workshop topics, including SCORE's [Starting Your Own Business](#) workshop which had 90 attendees, and over 200 registrants when last held. Over 65 attendees requested a mentor post workshop.
